The *AT Pro* now includes added stability from new shaft camlocks

...and these bonus items:

Garrett Detectorist's Backpack

Carry additional detector, digging tools, food, and all supplies needed for a full day in the field! Lightweight yet very durable material. Velcro tie-downs help secure additional detectors or digging tools.

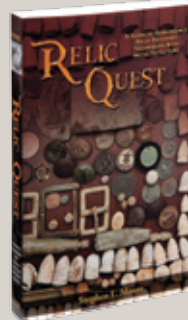

AT Pro Camo Cap

One size fits all with Velcro strap.

DD Searchcoil Cover

Fits the *AT Pro* standard 8.5"x11" DD searchcoil to protect your investment.

Relic Quest book

Tips and techniques from dozens of successful relic hunters. More than 1,000 color photos. 532 pgs.

AT Pro control panel

**Serious features
for serious searchers!**

- Two detectors in one: choose from Standard or Professional Audio Modes
- High-Resolution Iron Discrimination: 40 levels to separate good targets from trash
- Exclusive DD coil design extended scan area provides excellent target separation
- Iron Audio™ Feature: recognize iron targets with distinctive audio
- Higher frequency (15 kHz) for locating smaller, thin targets
- Digital Target ID to more precisely identify one target from another
- Ground Balance: Manual or Automatic
- Light weight: 1.4 kg
- Land Headphones included

Savings \$107⁸⁰ *

* Savings based on total cost of items if purchased separately. Special offer valid from October 1 to December 31, 2011 at participating U.S. domestic dealers only.
